**AMENDMENT**

Commissioner for Trademarks

Dear Sir:

In response to the Office Action dated December 7, 2007, Applicant respectfully requests that the above-referenced application be amended as follows:

**IN THE STATEMENT**

Kindly amend the application as follows:

--Please change "Principal Register" to "Supplemental Register".--

**REMARKS**

The Examining Attorney has maintained and made final the refusal to register the instant application under Trademark Act Section 2(e)(1) on the basis that the proposed mark allegedly merely describes the services.

While Applicant maintains that the mark in question is not merely descriptive, and is capable of registration on the Principal Register, nonetheless, in order to expedite registration, Applicant hereby amends the application to seek registration on the Supplemental Register, thereby rendering this refusal to register moot.

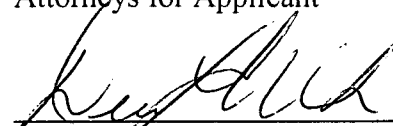

Finally, with regard to the mark itself, Applicant submits the following standard character claim: The mark is presented in standard characters without claim to any particular font, style, size or color.

Applicant submits that the instant application is now in condition for registration, the early notification of which is respectfully submitted.

Respectfully submitted,
